CODE OF ETHICS OF ILLINOIS STATE NURSERYMEN'S ASSOCIATION

- First—To consider my vocation worthy, as affording me distinct opportunity to serve society.
- Second—To improve myself, increase my efficiency and enlarge my service, and by so doing attest my faith in the nursery business.
- Third—To realize that I am a Nurseryman and a business man and ambitious to succeed; but that I am first an ethical man, and wish no success that is not founded on the highest justice and morality.
- Fourth—To hold that the exchange of my goods, my service, my ideas for profit is legitimate and ethical; and that it shall be my aim that all parties in the exchange are benefited thereby.
- Fifth—To use my best endeavors to elevate the standards of the vocation in which I am engaged.
